

Summer TA & Proctor-Grader Employment – 2023

Departmental summer appointments are limited and thus, are not guaranteed. Summer appointments will be based on the criteria listed below as applicable. Note: Criteria are listed in no particular order.

- TAs are expected to have previous experience in the lab course being requested. *
- Graduate students of departmental faculty teaching organized summer courses (or who have course rights) have priority over other students.
- Experienced TAs are prioritized over those with less experience, provided all other criteria are met. *
- Evaluation and SPOT scores will be taken into consideration when reviewing applicants for summer appointments.
- TAs must be present for the duration of the term in which they are being considered for hire. If the TA cannot commit to this requirement, then an offer may not be extended.
- If the preceding criteria have been met and TA appointments remain, then assignments will be made in the order in which they were received.

*Exceptions will be made on an “as-needed” basis.

A full summer appointment is **one summer term**. If all reasonable requests have been filled and openings remain, with College approval, two consecutive terms *may* be considered. *Under no circumstances may a student be assigned to two sections within a single term.*

SUMMER PAY: Summer salaries will be paid at the Spring 2023 monthly rate of pay. TA pay for one summer term is the equivalent of 1.5 months of regular pay for a 0.50 FTE appointment, or half this amount for Proctor-Grader pay a 0.25 FTE appointment.

Pay Dates:

8W/5W1 appointment – Two-thirds pay on July 3, 2023; one-third pay on August 1, 2023

5W2 appointment – One-third pay on August 1, 2023; two-thirds pay on September 1, 2023

INSTRUCTIONAL LAB SUPERVISORS with labs anticipated to meet Summer 2023**:

Syeda.Alam@unt.edu – BIOL 2042 (5W2)

Arland.Alberts@unt.edu – BIOL 3452 (8W), BIOL 4092 (5W1)

Jaime.Slye@unt.edu – BIOL 1132 (5W1)

Anthony.Curran@unt.edu – BIOL 2311, BIOL 4510 (5W1), BIOL 2312 (5W2)

Geoffrey.Brooks@unt.edu – BIOC 3622 (5W1), BIOL 3520 (5W2)

Claudia.Gonzalez@unt.edu - BIOL 1112 (8W)

Ipsita.Lahiri@unt.edu – BIOL 1760 (5W1)

**Subject to change. Lab courses without sufficient enrollment will be canceled.

OTHER SOURCES OF EMPLOYMENT include, but are not limited to:

- Campus Employment
 - Eagle Careers (HandShake postings for all hourly positions, including RA)
 - Upward Bound / Upward Bound Math & Science
- Off-Campus Employment

Students possessing Master’s degrees are encouraged to explore adjunct opportunities in area community colleges.

Note that proctor-grader appointments are primarily reserved for GSAs (non-TAs). Other requests will be considered if openings remain, according to applicable criteria above, with preference given to those without summer assignments.
